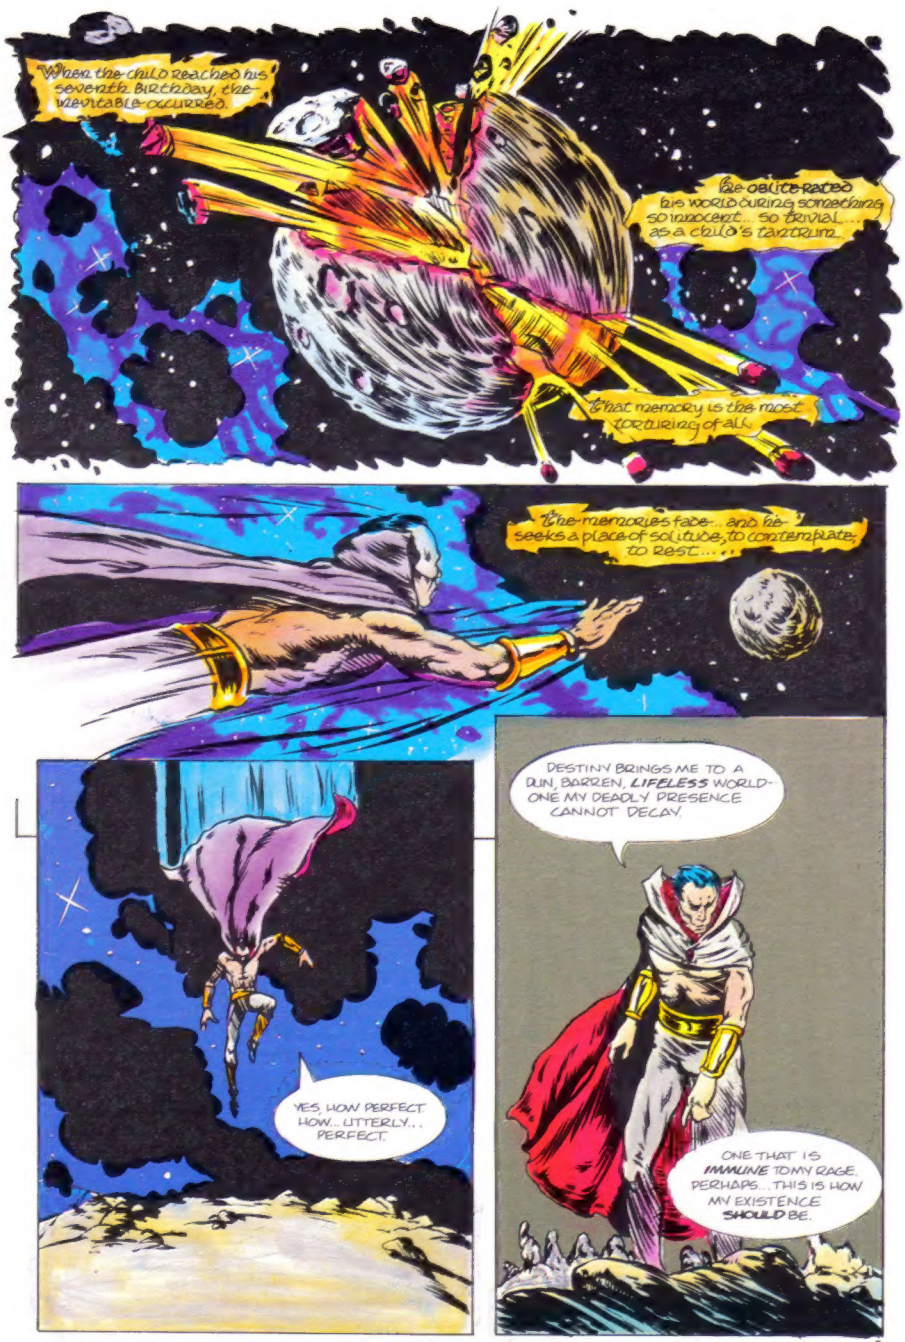
THE
Darkling
CHRONICLES
"In the Beginning"
He stands strong in the cold void of interstellar space. He is the destroyer of worlds. He is the BLACK GOD, whose very PRESENCE means DEATH. He is the DARKLING.
WRITTEN BY: MARK WAYNE HARRIS
PENCILS & INKS CHRIS MILLER
LETTERS - DIANE VALENTINO
COLORS -
EDITING - JOHN STEPHENSON

The flow of power through him is uncommonly serene... tranquil... he is at peace--- --until...
...the memories return. memories that bring physical pain with their resurgence- he remembers...
...how moments after his birth, the sorcerer-priests of his homeworld summoned the gods of chaos.
The priests sought to create a god of chaos --one who would serve them, and aid them in their conquerings.
But they soon discovered their mistake. a god of chaos, is a being of unpredictable- uncontrollable-destruction.
Despite their own combined power, they grew to fear him.

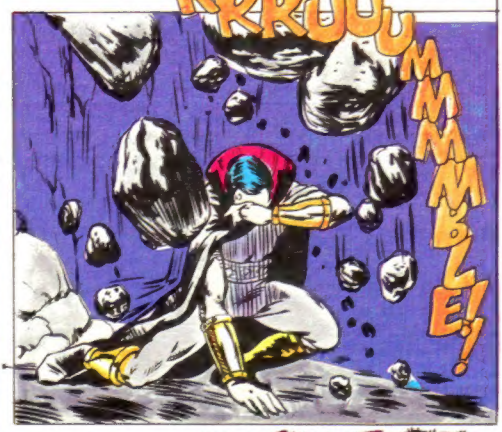


When the child reached his seventh BIRTHDAY, the inevitable occurred.
He obliterated his WORLD during something so innocent... so trivial... as a child's tantrum.
And that memory is the most torturing of all.
The memories fade... and he seeks a place of solitude, to contemplate, to rest.....
DESTINY BRINGS ME TO A DUN, BARREN, LIFELESS WORLD- ONE MY DEADLY PRESENCE CANNOT DECAY.
ONE THAT IS IMMUNE TO MY RAGE. PERHAPS... THIS IS HOW MY EXISTENCE SHOULD BE.
YES, HOW PERFECT. HOW... UTTERLY... PERFECT.

WHY?! WHY MUST THIS BE SO?!
WHY IS CONTROL OF MY DESTINY FORBIDDEN TO ME? WHY AM I A MERE PUPPET OF FATE?
WHY?
WHY.?!

WHY?!
Struck by a force as mental as it is physical, the mountain shatters...

and...



RRRUUUMMMBLE!

KRASH!

AT LAST...
At that moment, in space aboard the Gallant Lady...
IT TOOK TWELVE CYCLES TO FIND THE MASTER THIS TIME--
HIS BOUTS OF MELANCHOLY GROW INCREASINGLY SEVERE.
MEEP! MEEP! MEEP!
IT IS FORTUNATE THE SENSORS LOCATED HIM BEFORE HE WANDERED TOO FAR...
...AND AS ALWAYS...
MEEP MEEP MEEP
..DUTY DEMANDS I AM AT HIS SIDE.
The Lady warps.
ALWAYS... ALWAYS...

I AM A BEING OF CHAOS. THE FURY SWELLS WITHIN ME--AND MUST BE RELEASED!
SUCH IS MY DOOM.
NEVER TO CREATE. NEVER TO BE SURROUNDED BY LIFE... OR JOY.
YOU GODS, WHOSE ONLY PURPOSE IS TO SPREAD DISORDER AND MALIGNANCY!
I AM NOT A GOD OF CHAOS BY CHOICE OR BY WORSHIP! IT IS YOUR BANE THAT MAKES ME SUFFER!
SUFFER... AS A MAN SUFFERS. MY SOUL IS NOT OF CHAOS. IT IS MORTAL, DESPITE MY GIFT OF ETERNAL LIFE.
DESTINY IS UNJUST. WHY MUST I ENDURE THIS?
MY, YOU'RE A DRAMATIC LITTLE GOD, AREN'T YOU?
BY CHAOS, NO... NOT AGAIN.

OH, YES AGAIN AND AGAIN
HOW CAN THIS BE? I HAVE DESTROYED YOU, CREATURE, AND STILL YOU RETURN!?!
AYE 'TIS YOUR OWN GUILT THAT CREATES ME.. SUMMONS ME.. GIVES ME POWER.
NO!
YES!
AAARRGGGHH!
SUCH GODLIKE MIGHT IN SUCH A FRAIL, HUMAN BODY A SHAME
YOU COULD EXTERMINATE YOUR ENTIRE RACE BILLIONS OF INNOCENT SOULS BUT YOU CANNOT SLAY ME
I, HOWEVER
THOOM!
CAN SLAY YOU!

HA HA HA HA HA! POOR LITTLE CHAOS GOD!
BEAST!
REMEMBER THIS YOU CANNOT HOPE TO STRIKE A BEING--
SKA
BLAM!
WHOSE SPEED MAY BE ONE WITH LIGHT ITSELF.
HA HA HA HA HA HA
IT IS DONE
PERHAPS NOW I AM FINALLY RID OF IT AND IT'S TORMENTING WORDS
TRUE THOUGH THEY WERE.
INDEED
BUT IT WILL RETURN GUILT CANNOT BE PURGED THAT EASILY

WHO ARE YOU?
THE CREATURE CAST IN ANOTHER FORM, PERHAPS?
NO. I AM DESTINE. AND I AM PRECISELY WHAT MY NAME IMPLIES
WHAT I AM ABOUT TO SAY IS VERY IMPORTANT. BE WISE AND HEED ME.
YOUR ANGUISH IS SELF-CREATED. THE GUILT-CREATURE IS A MANIFESTATION OF IT..
..GIVEN FORM BY YOUR OWN PSYCHE.
I, MYSELF, GUIDE YOUR FATE. I AM AMONG THOSE THAT ARE RESPONSIBLE FOR YOUR CREATION.
YOU ARE CHAOS, TRUE, BUT YOUR PURPOSE IS FAR DIFFERENT FROM THEIRS.
BY LAW OF COSMIC BALANCE, 'GOOD' CANNOT DESTROY 'EVIL.' 'GOOD' MUST ALWAYS SEEK TO CONTAIN EVIL, OR CHANGE IT FOR THE BETTER.
BUT YOU ARE DIFFERENT.
YOU ARE CHAOS. CHAOS MAY DESTROY CHAOS. THAT IS THE PURPOSE OF YOUR EXISTANCE. A FOE AWAITS YOU ON THE PLANET BAAL-BERITH.
HE IS BELZAROTH, THE DEMON-LORD AGENT OF EVIL.

AND THOUGH YOU MAY SLAY HIM A THOUSAND TIMES, STILL HE WILL RETURN THE KEY TO HIS FINAL END LIES WITH A MAN NAMED INGRAN.
SEEK HIM FAREWELL DARKLING
SHROOM
MY LORD FINALLY!
I HAVE SEARCHED FOR YOU FAITHFULLY SINCE
WE HAVE A MISSION, TYBALT.
I AM AT YOUR COMMAND OUR DESTINATION?

A FEW THINGS YOU SHOULD KNOW . . .

Consistency.

You can't make a good cake, a political future, or a successful comics line without it. If you are even a mildly serious comic fan — and if you're reading this editorial, you must be — you've seen the problems a company can run into when consistency is not adhered to; conflicting storylines, misinterpreted characters, etc.

When we started to put ***TIMELINE COLOR COMICS™*** together, the first thing agreed upon was that our books had to have stories and characters that could work smoothly with each other, as well as within their independent titles. The idea of course being that if you were to enjoy one book in the line, you'd be able to learn more about it from the others. With logical connections running through the entire line, realistic crossovers and continued stories would make for more enjoyable reading. With this in mind, we started the actual gestation of the books involved.

Mark Wayne Harris, prolific writer and all-around Good Guy, developed *nine* distinct books, all seperate, but with connections to each other in one way or another. For instance, the first character he came up with was Hanson Kirk, a scientist who developed a special compound that mimics and enhances the physical properties of organic matter (kind of "super" Wonder Bread; makes you faster, stronger, etc.). Anyway, Kirk is responsible for creating the Thunderer, the powerhouse of *OMNI MEN*. He also happens to be the cousin of the government liason to the *OMNI MEN*, C. Wallace GANTRY, and also sired Robert Kirk, one of the key figures "MAD VII," (one of two regular series within the *OUTPOSTS* title).

Don't you just love it when a plan comes together?

OUTPOSTS™ TIMELINE™ COLOR COMICS

Next came the "history" of the world in which our players would perform, intricately researched by our crack team of historians (thanks, Cody!). Once completed, the anchors of our ***TIMELINE***™ universe were set. We started looking for creative teams to make the people in them real and interesting. First, naturally, we turned to Mark, as he had the best grasp of the series' fundamentals. He was chosen to develop the ends of the line's spectrum in our anthology book, *OUTPOSTS*. Chris Miller, late of Blackthorne's *Revolving Doors*, has the honors as penciller/inker for the "Darkling Chronicles," while the second half of the book, "MAD VII," is in the hands of Dante Fuget and Phil Haxo. (Make a note: Although relatively unknown now, in a few months when **everybody** is talking about Fuget and Haxo, you can say you saw 'em here first.)

Chronologically, our next title is *THE BRINGERS*, a race of people with fantastic elemental powers focused through enchanted metal known as "Darkling Tears." Mike *Justice Machine* Gustovich has created a marvelous saga of our history, complete with drama and epic grandeur, that is *almost* the way you remember it.

Next came our "present time" books. Bruce Jones (whom we can't say enough good things about) snapped up two of our monthly titles: *JACK HUNTER*, the story of a rogue mercenary, and *LOCKE!*, angel of death. As fans of Bruce know, he can make the most mundane story sparkle. Wait till you see what he has in store for **these** books! And in the art corners, while Dennis Francis and the swift-but-sure Peter Iro team up to make *LOCKE!* a moody masterpiece, Dell Barras is turning *JACK HUNTER* into the most exciting book on the shelves.

Mark Wayne Harris returns again for the adventures of *WIND RAGE*, an espionage agent involved with the occult. We were fortunate to grab Greg Shoemaker between assignments and his pencils have never looked better. His art isn't bad either. Finishes will be provided by Phil Haxo. *THE OMNI MEN* will be brought to you by two gentlemen who need no introduction to comic fans, Steve Perry and Jim Reddington. Two of the very best.

Coming up to bat next is the team responsible for the popular *Labor Force*, Greg Swan and David Ammerman. Their mission: the science fiction adventures of *OMEGA ELITE*, an inter-galactic police force that gaurds the safety of the "Omega System," a group of artificial bio-spheres created centuries ago by the decendants of the Bringers. Following closely is *XL*, L.A.'s newest super sensation, created and written by Cliff MacGillivray. Crippled in a car accident, Xavier Lawrence (XL) uses a computer-controlled stimulation system and advanced bionics to keep the City of the Angels safe.

Our ninth title, *OPERATIVE SCORPIO*, is a gritty story set in the underside of San Francisco. Three men, one hero. Jack Herman (*Battletech* and *ELEMENTALS*) have come up with a moving, action-packed series that will redefine "super hero." And finally, B.J. Weiss teams up with Louis (*Daredevil*) Williams for *SONIK*, the adventures of Mikki Ryan, adopted daughter of exiled despots from the "Omega System," who plan to use her incredible sonic abilities to pave the way for their return to power. But the last of the Bringers **also** have plans for her!

So now, let's have some fun with ***TIMELINE COLOR COMICS***™*!*

THE DARKLING

Real name: Unknown
Occupation: Godslayer
Identity: Known to most races
Place of birth: Ammermar (planet no longer in existence)
Known relatives: None known
Former aliases: None
Group affiliations: Gods of Chaos
Base of operations: Mobile
First appearance: OUTPOSTS #1: THE DARKLING CHRONICLES
Origin: In that time before the creation of our universe, sorcerer-priests sought to create a god-level slave to help them conquer other civilizations and worlds. A mortal child was infused with the powers of Chaos, creating the being known as the Darkling. But instead of being used by the priests, the child-god rebelled against them. Lashing out, he destroyed not only them, but his entire homeworld as well. Horrified, he fled into the depths of space. He wandered the starways, learning to cope with his awesome powers. Contact with other beings taught him control of his abilities, but not without some mistakes of tragic consequences. He became feared throughout the universe as the living embodiment of destruction and Chaos.

After a meeting with Destiny, the Darkling came to realize his purpose was to destroy other gods of Chaos. He and his android servant, Tybalt, set out to find these beings, in hopes of finding a purpose to his existence. Their confrontations became the stuff of legends. It is not known whether or not the Darkling was successful in his quest, or if he is still existing at the present time.
Height: 6' 6"
Weight: 275 lbs.
Eyes: Black
Hair: Black
Powers: The Darkling has command of, and is essentially part of the primal forces of Chaos. Using this force, he can survive indefinitely without nourishment, move at near-light speeds, He has been known to shatter an entire mountain with a single "punch", backed by the power of Chaos. He can exist in the void of space without any form of protection. He can also understand and speak any form of language he comes in contact with.
Weapons: None.
Other information: The Darkling's mind operates on levels both mortal and deific. A thought or emotion can be transformed into immediate physical reality. His guilt over the obliteration of his homeworld has manifested itself a number of times as a horrible creature, with the power to kill him.
